CHILDREN'S WORK
WILL BE FEATURED

Board of Charities and Corrections Will Inspect State Institutions.

Deciding upon the tenor of its forthcoming annual report, and appointing committees to pay official visits of inspection to the State institutions, the State Board of Charities and Corrections held a meeting yesterday.

The report this year will deal especially with institutions in which children are cared for, and which have been the subject of special study and investigation by the secretary, Rev. J. T. Mastin, all through the year. Last year the report dealt in the main with jails and almshouses.

The committees of inspection were appointed as follows:

Eastern State Hospital—J. Alston Cabell, L. P. Stearnes.
Southwestern State Hospital—Rev. S. C. Hatcher, Dr. Paulus A. Irving.
State Penitentiary and State Farm—J. Alston Cabell, L. P. Stearnes.
Western State Hospital and Virginia Asylum for the Deaf and the Blind—Dr. Paulus A. Irving, Rev. S. C. Hatcher.
Central State Hospital—Rev. S. C. Hatcher, Dr. Paulus A. Irving.
Laurel Industrial School, Negro Reformatory and Virginia Home and Industrial School for Girls—Dr. George H. Denny and L. P. Stearnes.

TRUE BILL AGAINST
FRANK C. MURPHY

Storekeeper and Gauger Indicted for Permitting Revenue Law Violations.

The grand jury in the United States District Court yesterday returned a true bill against Frank C. Murphy, a storekeeper and gauger at the Tidewater Distilling Company, at Bowers Hill, near Portsmouth, for permitting violations of the internal revenue laws.

About two weeks ago, when revenue officers detailed by Revenue Agent W. H. Chapman, of Richmond, caught employees of the Tidewater Distilling Company red-handed removing a barrel of non-tax-paid whiskey from the distillery, Murphy was in charge and present, although he is understood to disclaim any knowledge of the matter. This is the second storekeeper and gauger that inspectors under Colonel Chapman have trapped within the past three or four weeks.

Robert H. Stone, of the Star Paper Dish Company, who lives at 2001 West Grace Street, was yesterday fined \$200 and costs, following a plea of guilty, for sending non-mailable matter through the mails.

Colored Woman Shot.
Liza Scott, colored, of 18 Brooke Avenue, William Winston, colored, was arrested last night by Officer Jennings and locked up at the Second Police Station. The woman claims that following a quarrel, Winston drew a pistol and fired, the bullet penetrating her left limb, but not inflicting serious injury. She was attended by the city ambulance surgeon.

CITIZENS OBJECT
TO NEW STATION

Waynesboro People Appear With Railway Officials for Conference.

ASSESSMENT BOOKS FILED

New Realty Valuations Come In. Will Make Aeroplanes in Virginia.

Representatives of the towns of Basic City and Waynesboro, and of the Norfolk and Western Railway Company, had a consultation yesterday morning with the State Corporation Commission regarding the freight station situation at Basic. The commission took the matter under advisement, and will probably make a recommendation as to what should be done, which is likely to be followed by the parties in interest, with but few exceptions.

Recently the Norfolk and Western has built a new freight station some distance north of its former location. This suits the town of Basic City very much, but it does not suit the town of Waynesboro, where the river is at all. Not only is the distance to be traveled with freight increased, but it is claimed that hardships such as difficult grades and curves, and crossing railway tracks twice at grade, are encountered as a result of the change.

Officials Present.
To prosecute its cause, the Waynesboro Board of Trade was represented yesterday by F. P. Lott, H. M. McGee and W. W. Rife. Norfolk and Western Railway sent Lucien H. Cooke, general counsel; N. D. Maher, vice-president and general manager, and A. C. Needles, general superintendent of transportation.

It is needless to say that the railway, having just completed a new station at some cost, opposes being forced to use the old one. The Waynesboro people are willing to compromise, it is understood. If a projected street is built under the trace of the Chesapeake and Ohio, which would shorten the distance and lessen the dangers of a trip with freight to and from the new station.

MOST BOOKS NOW IN

Land Assessment Makes Fair Showing

Fully 80 per cent. of the land assessors of the State have forwarded their books to the Auditor of Public Accounts, and it is presumed that the remainder will be in within a few days. The Auditor's force is swamped with these and with the books of the commissioners of revenue, and piles of them are awaiting checking up by Clerk W. R. Park.

For the most part the new realty assessment shows up fairly well, although in some instances it is disappointing. Only when all the books have been received and checked, can the increase in valuations be definitely determined.

Commissioner J. K. McLaugherty, of District No. 2, of Botetourt county, presented a set of books which have received especial commendation from the Auditor's force. It is a pleasure to the State officers, troubled as they are with badly made up books, to receive such a well written and neatly kept set.

WILL MAKE AEROPLANES

Corporation Chartered for Their Manufacture and Sale.

It is regarded as most appropriate in these days, when aeroplanes are so much in evidence, that a Virginia corporation should be organized for their manufacture. True, the incorporators are Washington people, but they secured a charter yesterday from the State Corporation Commission.

This concern is known as the Christmas Aeroplane Company, with its principal office at Rosslyn. Presumably before long its products will be advertised in the Richmond newspapers, with claims set forth as to why the Christmas machine is superior to all others.

The charter is, as usual, a blanket one, and gives the corporation general powers to manufacture and deal in flying machines.

LABOR LAWS VIOLATED

Norfolk Concern Fined for Employing Persons Too Many Hours.

SUN another violator of the labor laws of the State has been caught in the drag net spread by Labor Commissioner James B. Doherty. He learned yesterday that C. Brooks Johnson & Co., proprietors of the Norfolk Knitting Mills, had been fined in police court for employing persons for longer than ten hours a day of twenty-four hours. The concern was fined \$5 and costs.

In this case the evidence was worked up by a representative of the Bureau of Labor. The defendant pleaded guilty.

This is the same concern which was convicted last January of violating the child labor law. At that time it appeared to the Corporation Court, where the decision of the police court justice was affirmed.

APPEAL REFUSED

Supreme Court Declines to Interfere

By declining to interfere, the Supreme Court of Appeals yesterday made final disposition of the case of Louis M. Baxter against William A. Green, appealed from the Law and Equity Court of the city of Richmond. Baxter brought suit against Green, a Richmond merchant, tailor, for an amount claimed to be due by contract. By the terms of this written agreement, Baxter was to work as cutter and salesman for Green from April 5, 1909, to September 1, 1909, at the salary of \$2 a week. After four days' work, Green dispensed with Baxter's further services, claiming that his work was unsatisfactory and that he did not report for duty on time in the morning.

The jury gave a verdict in Baxter's favor of \$201.88, and from this Green appealed without avail.

THEEVES REAPING
HARVEST IN RUSH

Matthew Rath Robbed of \$50 in Cash and \$3,000 in Checks.

WORKING IN FAIR CROWDS

Grocer Seitz Almost Certain He Can Identify Man Who Got His Money.

Taking advantage of the crush and rush of the crowds entering and leaving the Fair Grounds and also on street cars, pickpockets made several good hauls yesterday and last night. One man lost \$50 in cash and \$3,000 in checks.

The robberies were reported to the Police, and Captain Thomas McMahon of the Detective Department, has descriptions of some of the suspects and arrests may follow.

While leaving the Fair Grounds, Matthew Rath, of New York, told the police that his pocket was picked of checks amounting to \$3,000. He missed his money on the way to the Wollerton Hotel, where he is staying. He then notified the police.

Captain McMahon said last night that he has information that a pocket-book containing the description of that lost by Mr. Rath had been found by a man living on Church Hill, and that it contained a number of checks, but no money. He is of the opinion that he will recover the book and checks to-day for Mr. Rath.

Charles P. Seitz, a grocer, residing at 2800 West Broad Street, while on a street car returning from the Fair Grounds, yesterday afternoon, was robbed of \$70 on Main Street, between Eighth and Ninth. He furnished an excellent description of the man who stood by his side a short time before he discovered he had been robbed.

J. J. Grinnin, of Fredericksburg, Va., reported to the police that he was robbed of a pocketbook containing \$28 in money.

C. M. Bridges, employed at the First National Bank, said he was robbed of a scarfpin and a watch, consisting of four small chains with a large metal comb decorated with gold, and valued at \$22.50.

On his way to the Fair Grounds yesterday afternoon, J. J. Thompson, a traveling salesman, staying at the Jefferson Hotel, was robbed of \$40 and some valuable papers. He told the police that he did not care so much about the money, but that the papers were of great value to him and worthless to any one else.

MRS. VAWTER HURT WHEN

BUGGY AND CAR COLLIDE

Mrs. W. J. Vawter sustained painful injuries in the shape of a broken arm, a sprained ankle and a number of bruises, as the result of a collision between the buggy in which she was seated Tuesday night, and an automobile driven by Mr. Tiller. Mrs. Vawter was on her way from the State Fair Grounds, where she had been assisting at the Daughters of the Confederacy booth, to her home in Highland Park.

The collision occurred as she was passing through Barton Heights. Mrs. Vawter is under the care of a physician at home, and it is said that it will be some time before she is sufficiently recovered to be out again.

NOTHING NEW AT
MURDER INQUEST

Witnesses Simply Repeat Published Story About Killing of Williams.

PURYEAR FIRED QUICKLY

Claims That He Did Not Use Weapon Until He Had Been Struck by Victim.

Little that was new was brought out yesterday at the coroner's inquest into the death of Jelle Edward Williams, who was shot and killed on Tuesday morning shortly before 1 o'clock on the Boulevard, while returning from the State Fair Grounds, in company with Miss Mabel Lee Daniel.

The inquest continued for several hours at the City Hall yesterday morning, a number of witnesses being heard.

The verdict of the jury was merely that Williams came to his death from pistol wounds inflicted by Benjamin F. Puryear. The verdict does not recognize the position of Mr. Puryear as a county officer, rather taking the ground that the fight was one between two citizens, only one of whom was armed.

Attorney L. T. W. Mayne appeared as counsel for the family of Williams. Members of the jury were C. W. Puryear, R. H. Curtis, J. R. Tillery, J. M. Granger, E. Donahue and J. W. Gibbons.

Puryear's Story.
Magistrate Thomas J. Puryear, brother of the policeman, was the star witness for that side, while Miss Daniel appeared on behalf of her companion. Magistrate Puryear testified that in company with his brother were B. W. Shelton, County Policeman W. T. Rogers, with two prisoners, and a number of others. About 11:30 a. m. he and all had been left at the Fair Grounds and were walking home along the Boulevard.

Magistrate Puryear saw the white shirtwaist of a woman sitting beside the road and called to his brother to "see what is the trouble." The magistrate saw no man in the darkness, and in entirely respectful tone asked the young woman what was the matter.

Magistrate Puryear testified that he saw the woman in the darkness and leaped into the road, giving vent to a burst of profanity and asking what the others had to do with it. Police Captain Puryear, who was with him, was not in uniform. Williams advanced on the magistrate, who fled up the road, calling loudly for help. The magistrate, the policeman came to his rescue, rushing up and taking hold of Williams, saying, "You are under arrest." For a moment the two men struggled, but the policeman in the eye a blow which sent him reeling to the ground. From the ground he fired once at Williams, and to his last shot again, but he was taking effect near the heart. Magistrate Puryear thought that the badge could be plainly seen, despite the darkness.

The whole affair was over in a moment. Policeman Puryear handed his pistol to Mr. Shelton, who placed it in a box, and his brother what was best to do.

The magistrate testified that he lived at 1105 West Broad Street, and that he was at home at the time. He went to his home to telephone for the ambulance, and when he returned Williams was removed by an ambulance. He is not certain that his brother had procured the ambulance when attempting to make the arrest.

Miss Daniel on Stand.
Miss Daniel testified that she lives with her mother, Mrs. S. L. Daniel, at 18 North Eighth Street, and that she was with Williams at the fair Tuesday night from 10 o'clock until the time he was shot, soon after midnight. They went to the fair in a motor car, and she had known Williams for some time, but had not known that he was married, but had seen him going with other girls.

Her companion took no drink with her and was not boisterous. She denied that she was at the fair on Tuesday night, and that she was sitting by her side, lighting a cigarette, they having stopped to rest while tramping from the Fair Grounds to Barton Heights.

She expected to take an "owl" car. She had suggested stopping to rest. She stated that they had not left the side of the road until she saw that her companion at once became enraged at the advances of strangers, and despite her cautions, he attacked what she believed to be her assailant. The two shots followed in quick succession.

B. W. Shelton testified that he heard Policeman Rogers shout "Get down" with his prisoners, say, "Go over there and see who that is," on seeing some one sitting beside the road. The witness himself saw nothing until some one sprung out of the bushes and the knocked Policeman Puryear down, after which Puryear fired twice.

William L. Seitz, of 818 Mosby Street, had seen Williams at the fair in the evening and testified that he had been drinking. He had heard Williams asked to be allowed to board the last car from the grounds, which was refused, whereupon he became quarrelsome and abusive.

James T. Lewis appeared as counsel for Officer Puryear.

Miss Daniel entered emphatic denial that Williams had ever called at her home.

COLUMBUS DAY
Knights Preparing for Big Celebration on October.

Columbus Day, October 12, marking the 418th anniversary of the discovery of America, will be fittingly observed by the Knights of Columbus, an elaborate program having been arranged by the local council.

An entertainment will be given at the home, 506 East Grace Street, and will be followed by a banquet, at which the knights and their ladies will be present. The program announces the following speakers and their subjects:

Major J. C. Hemphill, "Columbus and His Voyage"; John Garland, "The America, the Discovery"; Maurice A. Powers, "Virginia, a Part of the Discovery"; Rev. Bishop Van De Vyver will also be present. Worthy Grand Knight John C. Hagan will be toastmaster.

This observance of Columbus Day is general with the order throughout the United States, the occasion having been proclaimed a legal holiday in many States. Members state that the celebration of the day by the local council this year will be on a more elaborate scale than ever before.

Building Permits.
Building and repair permits were issued yesterday as follows: Charles K. Willis, to erect a one-story brick garage in rear of 2103 Hanover Avenue, to cost \$225.
Ellison and Nellie Carr, to repair a frame dwelling, 1318 North Twenty-seventh Street, to cost \$201.

Special Didn't Go.
While the Southern Railway was making up a special train last night to send Dr. J. H. Harrison to Chase City, where he was called by the illness of Dr. Saunders's child, a message was received over the railroad wires saying that the patient was dead. The train was halted before it left the yards.

DRUGGIST FACES
SERIOUS CHARGE

License of Pharmacist Suspended—List of New Druggists.

After listening to the defense of a Virginia druggist against whom charges of drunkenness had been preferred, the State Board of Pharmacy yesterday decided to suspend his license until the next meeting of the board. This does not mean that he must discontinue the practice of his profession, but it means that if at any time between now and January 3, 1911, the secretary of the board finds that he is persisting in his practices, he has authority to revoke the license entirely. At the next meeting his case will be further considered.

Under the circumstances, the name of this pharmacist was not disclosed. Another case, and possibly two, will be considered to-day by the board, in which charges have been preferred of misconduct.

The examination of papers of applicants for license was completed, and the list of successful men announced. The list is as follows:

Registered Pharmacists.
Registered Pharmacists—J. J. Layne, Abingdon, Va.; Hugh F. Hurst, Richmond; Howard Corbin, Norfolk, Va.; Crowder White, Newport News, Va.; C. F. Bibb, Roanoke, Va.; E. C. Gause, Richmond, Va.; A. J. Malen, Richmond; W. L. Grimes, Richmond; H. B. Grigg, Greensboro.

Registered Assistant Pharmacists.
Registered Assistant Pharmacists—H. A. Keister, Pulaski, Va.; C. E. Hall, Covington, Va.; R. E. Boyd, Newmarket, Va.; H. E. Crabtree, Bristol, Va.; P. E. Plunkett, Norfolk, Va.; C. L. Halstead, Norfolk, Va.; Paul C. Jones, Norfolk, Va.; Radford Royal, Richmond; O. L. Hurdle, Norfolk, Va.; William M. Huffman, Richmond; M. M. Stephenson, Ashland, Va.

The following members of the State Board are in attendance: H. S. Arlington, president, Norfolk; G. T. Manlin, Falls Church; John F. Jackson, Richmond; E. L. Brandels, field secretary, Richmond.

RADFORD BOARD
STANDS BY GUNS

Insists on Heth Site and Will Fight Injunction in Courts.

No disposition to take water was manifested by the board of directors of the Normal and Industrial School for women at Radford, which held a meeting in this city yesterday morning. At a nearly full meeting of the board it affirmed its former action in the purchase of the Heth site in East Radford, and instructed its attorneys to proceed to stoutly contest the injunction matter in the courts.

This means that the board expects to fight to the last ditch. Having made up its mind and contracted for the Heth site instead of the Adams tract, which was offered to it, the school will be built on the Heth site so far as the board is concerned. The meeting was held at the home of L. L. Scherer, who was unable because of his injuries to go to the Capitol. These members of the board who had failed to visit in appearance on the previous day showed up.

Nearly All There.
The entire board was present with the exception of R. L. Blanton, of Richmond, and Frank Talbot, of Danville. This morning there was an attendance of seven of the nine members.

On motion the board ratified its action in the purchase of the Heth site. Captain W. T. Baldwin, chairman of the board, reported that when an injunction was sought to prevent the consummation of the purchase he had appealed to the Governor for special counsel.

The executive had designated Richard Evelyn Byrd to act, and had also, at the latter's request, named the law firm of Scott, Buchanan & Cardwell as associate counsel.

After the executive session, W. D. Cardwell, of counsel, appeared and was instructed by the board to proceed to fight the injunction in the courts.

Opposes Sale of Ford Property.
Dated Meade White, representing certain of the heirs of the Ford estate, litigation over which has been long drawn out, appeared before Judge C. H. H. in the Chancery Court to oppose the petition of McGuire, Rely & Bryan, counsel for other heirs, for an immediate partition and sale of the property. Judge H. H. will be heard from each side next Wednesday.

NO INDICTMENT
AGAINST JOHNSON

Not Guilty of Attempting to Bribe Electrical Inspector Speights.

No indictment was found by the grand jury in the Hustings Court yesterday in the case of William E. Johnson, accused by City Electrical Inspector J. Leroy Speights with having offered him a bribe. The grand jury heard a number of witnesses and finally returned the presentment indorsed "not a true bill."

It was stated that the testimony showed that Johnson had offered the inspector a suit of clothes valued at \$25, in connection with the approval of certain electrical fixtures for the American National Bank Building, which had been condemned as not being in accordance with the city electrical code. The evidence of Speights, however, was to the effect that the alleged offer of a suit of clothes was made after a substantial agreement had been made as to the manner of work in the building, and not as a condition to that agreement.

Many Indictments.
Indictments were found yesterday by the grand jury in the following cases:

The Atlantic States Coal and Coke Company, Inc., a misdemeanor, charged with doing business without a license.
Chesapeake and Ohio Coal Agency Company, Inc., a misdemeanor, charged with doing business without a license.
Felony indictments—Lena Brown, malicious wounding; Waverly Bates, burglary; Harrison Beverly, murder; Albert Dabney, malicious wounding, two counts; James Daniels, grand larceny; Daisy Douglas and Louisa Robinson, malicious wounding; John Heath, car breaking; Walter Phillips, housebreaking; Richard Ross, alias Richard Logan, housebreaking; Joseph Tipton and William Johnson, malicious wounding; Samuel Washington, housebreaking.

Indictments were not found in the cases of the following presentments: Charles Ellis, attempted criminal assault on Alice Franey; William E. Johnson, attempting to bribe J. Leroy Speights; Clarence Johnson, grand larceny; James Martin, cocaine, and Bette Nicholas, malicious wounding.

There are ten or a dozen presentments still pending, and the grand jury adjourned to meet again this morning at 10 o'clock.

DEALER CONVICTED

Fined in Charlotte for Shipping Un-

In the United States Circuit Court yesterday morning at Charlotte, N. C., W. T. Green was fined \$50 and costs for shipping unsound meat from Lattimore, N. C., to Richmond. The shipment of four young calves was condemned by inspectors acting under direction of Dr. H. K. Walters, of the United States Bureau of Animal Industry, at Richmond.

Dr. Walters said the inspectors found that the calves were less than three weeks old when killed and dressed and then sent to Richmond, consigned to local meat dealer. A warrant was sworn out for Green, and he was yesterday tried. He pleaded guilty and asked for mercy of the court. Inspection of Green ought to have a good effect on others.

Miss Luskomb Returns Home.
Miss Florence H. Luskomb and her mother, Mrs. Luskomb, left Richmond yesterday afternoon at 5:15 o'clock, returning to Boston. Miss Luskomb spent yesterday morning in going to different points in the city and giving talks to the girls of the Ford estate, to a large and attentive audience at the equal suffrage booth on the State Fair Grounds shortly before her departure.

Opposes Sale of Ford Property.
Dated Meade White, representing certain of the heirs of the Ford estate, litigation over which has been long drawn out, appeared before Judge C. H. H. in the Chancery Court to oppose the petition of McGuire, Rely & Bryan, counsel for other heirs, for an immediate partition and sale of the property. Judge H. H. will be heard from each side next Wednesday.
